Energy

THE WORK OF THE KIDNEYS is to filter and cast out waste products and poisons from the blood stream. When the kidneys are overworked, weak or diseased, the waste matter remains in the system and causes pain in side or back, rheumatism, lumbago, stiffness of joints, sore muscles and other symptoms.

When a person's kidneys are out of order, there is lack of energy, force, vigor, zeal and general effectiveness. Kidneys and bladder must properly function for anyone to enjoy good health.

Foley Kidney Pills

are prompt in action and tonic in their healing and soothing effect on weak, sore, overworked, diseased kidneys and bladder.

Mrs. Mary Henderson, Mt. Carmel, S. C., writes: "Before I used Foley Kidney Pills I was troubled with kidney trouble and my left side hurt me so I could hardly get up in the morning. Pain is all gone now and am feeling fine."

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Theford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Theford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine Theford's. 25c a pack.

Soldiers Overseas To Serve For Y. M. C. A.; Fewer Men Go From U. S.

General Pershing Tells Y. M. C. A. to "Take Their Pick" From Men of A. E. F., Which Cuts Down Recruiting Program In This Country

Atlanta, Ga., Jan. 1.—The offer of General Pershing to release officers and men of the A. E. F. from military duty in order that their services might be utilized by the Y. M. C. A. resulted in the recruiting of a large number of soldiers for "Y" work, and naturally resulted in a decrease in the number of men being sent from this country overseas.

Up until the time General Pershing's offer was made, the Y. M. C. A. had done extensive recruiting for the purpose of sending a large number of workers overseas. But when it was learned that workers could be secured in France—men well fitted for the work because of their familiarity with conditions—the services of many men in the United States were not needed.

While many candidates for service overseas were disappointed over the outcome, the Y. M. C. A. could not have acted otherwise, General Pershing told the "Y" to take any sol-

diers it wanted and as many as it wanted, and by so doing the Association has saved a great deal of money that would have been spent in transporting the workers to France. The soldiers in France know the work of the Y. M. C. A. almost as well as their own, and those who have been so far selected are making excellent workers.

The Y. M. C. A., however, will not discontinue the sending of men to France. Now and then men who are especially qualified for the work overseas will be used, only they will be fewer in number.

Dr. W. W. Alexander, director of personnel for the Southeastern department, points out that the generous offer of General Pershing is only another indication of the high esteem which is held for the Y. M. C. A. by the United States government and by the leader of the American Expeditionary Forces.

ENORMOUS AMOUNT OF SUPPLIES SENT BY Y. M. C. A.

Cost of Sweets and Smokes for One Month Reaches Staggering Figure—Armistice Didn't End Smoking on Any Front.

New York, Jan. 1.—Almost \$4,000,000 worth of smokes, sweets, sporting goods, chewing gum and other commodities was shipped to France during the month of November by the Army and Navy Y. M. C. A. for the use of the American Expeditionary Forces. A statement to this effect has just been issued by the National War Council, and tends to demonstrate that the demand for supplies of this character has not been reduced by the fact that hostilities have ceased.

In exact figures the value of the supplies shipped to France was \$2,825,902 and each month's quota will approximate this total until the forces overseas have been materially reduced by demobilization.

The demand for tobacco, cigars and cigarettes has not diminished since the armistice was signed, as witness the fact that \$1,351,000 of the total amount went for the purchase of the weed in some form. In the shipments were 464,911 pounds of tobacco, 195,065,320 cigarettes and 99,709 cigars. As for confectionery, there were 213,800 pounds of hard candy, 175,818 pounds of chocolates and 329,389 packages of cough drops, not to mention 537,400 tins of jams and 6,541,800 pounds of sugar. The chewing gum shipments totaled 6,100,000 packages—enough to load every slot machine in the United States.

Y. M. C. A. SECRETARY HONORED FOR BRAVERY

Brooklyn Man Is Awarded Croix de Guerre by Commander of Polish Forces

Paris, Dec. 11.—"For heroic and untiring work for the soldiers while under fire," Stanley Modra, of 2123 Canton avenue, Brooklyn, a Y. M. C. A. secretary, has just received the Croix de Guerre from General Haller, commander-in-chief of the Polish army, and has been mentioned in the official citations. He is the third Y. M. C. A. man thus honored for conspicuous bravery.

Modra has been with the Polish forces continuously since his arrival in France five months ago, and has given many notable exhibitions of gallantry and fidelity to duty. During the last days of the hostilities he served with the First division in the Vosges, in charge of a hut in a narrow valley between the first and second line trenches. From this hut he made trip after trip, carrying supplies to the men at the most advanced posts, and was under fire repeatedly.

When the fighting was at its heaviest Modra and the men associated with him in Y work continued their ministrations to the soldiers, serving cocoa, cakes, when the men were in position to receive them, and cigarettes. This service contributed much to the high morale of the troops and was not only the praise of the officers but the lasting gratitude of the men.

DR. R. O. FLYNN AS "Y" WORKER

Well Known Minister Leaves Pulpit to Take Up Work Overseas

Atlanta, Ga., Jan. 1.—Dr. Richard Orme Flynn, pastor of the North Avenue Presbyterian church, is going to France for the Y. M. C. A.

Dr. Flynn, who is one of the best known ministers in the Southeast, and who has a host of friends throughout this section of the country, will be engaged in special educational work, and will likely be overseas for some time.

SWEET CHOCOLATE CARRIED UNDER FIRE

Chocolate Furnished by Y. M. C. A. Arrives Just When It Is Needed

With the American Armies in France, Jan. 1.—Praising the men of Company D, 109th Machine Gun Battalion, 28th Division, Howard R. Keister, a Y. M. C. A. man of Dannelton, Fla., tells how, without food, they sent the sweet chocolate which he secured for them to an isolated platoon, which was under severe fire, across the Vesle river at Fismes.

It was during the heavy fighting eastward from Chateau Thierry, that the men of the 109th Machine Gun Battalion got ahead of their supplies, and the sweet chocolate which the Y. M. C. A. managed to get to them, was especially welcome.

The battalion reached the Vesle river on its advance. There the German line held. Men were thrown across the river by various units to keep in contact with the enemy. There was terrible fighting all along the line. A platoon of Company D was hurried over to help in holding the narrow strip that had been taken at great cost by the American soldiers. It was surrounded on three sides by the Boche, who tried every means in his power to dislodge them—gas, shells, machine gun fire and snipers. It was a difficult matter to get food over to them for men with supplies had to cross the river which was exposed and under heavy fire.

FIGHTING PARSON GETS WAR CROSS

John Clifford Wearing Y. M. C. A. Uniform, Proves Himself Real Hero

New York, Jan. 1.—There have many war heroes, but there is certainly no more conspicuously heroic figure than John H. Clifford, Baptist minister in time of peace, but real fighter in time of war, who has been awarded the Croix de Guerre for extraordinary heroism in action.

John Clifford, as a Y. M. C. A. worker, braved the red wrath of war. He has been in the firing zone as much as the hardest infantryman and was decorated for a most unusual exploit. He was one of three men who braved incessant enemy shell fire while rescuing Col. Albertus W. Catlin, commanding officer of the Sixth regiment of Marines. The trio carried the colonel to safety on a stretcher.

Mr. Clifford went over the top many times and came near being killed on several occasions. He is fifty-one years old and was born at Oxford, England, and has preached the gospel in many parts of the world. When given a chance to serve with the Y. M. C. A. in France, he knew that it was a good thing, and he jumped at it.

PERSHING SENDS MOTT NEW YEAR GREETINGS

Paris, Dec. 26.—Many times during the past year General Pershing has taken occasion to commend the work of the Y. M. C. A. for the soldiers of the A. E. F. and to express his keenest appreciation for the many good deeds done by the "Y" in this country.

On Christmas Day the commander of the American Expeditionary Forces sent the following cablegram to Dr. John R. Mott, head of the National War Work Council:

"With a deep feeling of gratitude for the enormous contribution which the Army Young Men's Christian Association has made to the moral and physical welfare of the American Army, all ranks join me in sending you Christmas greetings, and cordial best wishes for the New Year."

Special to the News.

I will get busy early this week for fear I put it off too long again. I have not much excuse for not writing last week. Just did not, that is all, and have very little of interest to say this week.

One day last week I received an invitation to attend a social meeting and entertainment of a society I am well acquainted in, to take place Friday 10th, and as I am good on the go, I accepted the invitation. Time came, and as I could do no better, I asked a gentleman to go with me. We arrived at about 7:45 p. m. There were several ladies there and they continued to come and not enough men to attract attention, or those who were there were not attractive. One young lady said, "This looks like 'No-Man's Land,'" and volunteered to lead a charge on a bunch of Sammys. They made a complete capture of the entire company without firing a gun or the shedding of blood, but from all appearances there were several pretty badly wounded in the heart. But everything went nice, dancing to nice music, etc., until about 10:30 when the ladies in charge passed the cake and cream. That is another feature I count one in, and did honor to my past record as a good eater. About 11:30 we all went home feeling that it was good to be there. Those social meetings are great, but don't think that we who did not take part in the dancing and other amusements were neglected. They had the best of company and entertainers. Everybody enjoyed themselves and will look anxiously for the next.

Tuesday E. C. Bracken and wife made a short visit to Dallas. Claudis never in too big a hurry to come by and see papa. Accompanied by Mr. and Mrs. W. A. Goode of Dallas, they came by and got me and we all went a few miles south of Dallas to see Mr. and Mrs. R. G. Page, the other sister of C. E. I am going to Paris next week and spend a few days with Claud and his bride, and his daughter, Doris, who is in school and could not come with them today. I think the world of Doris. I have been so busy doing nothing that I have not been up there this fall. I want to spend a week or so, visiting at Paris, and in Denton county. However, I am going to be very busy until after the 15th of April. Our head camp, or state meeting of the W. O. W. is to meet here the 8th of April, and the local camp will be very busy preparing for and entertaining them. We expect about 7,000 delegates to attend.

In a recent paper I noticed that "Peggy," of Ringgold, Ga., had returned to life and had written another good letter from her corner of the earth. Come on, "Peggy," your letters are always good. Hope to see many letters this week from old friends and new ones.

We have had a very wet and sloppy winter. Hope it will soon break up and give us nice spring weather.

HE PANHANDLE THE COPS

Pennsylvania Man Found Brooklyn Policemen Easy to Work, and Worked Them.

Grant Flemming, who says he's thirty-five years old and hails from Harrisburg, Pa., of good appearance and with an ingratiating manner, hit on a new way of making a living without work, and introduced it to Brooklyn. Most of his tribe shun policemen, but Grant Flemming took the police force into his confidence. At night, when policemen are lonely and willing to talk to anyone for company's sake, the Pennsylvania man poured his tale of woe into the ear of some sympathetic "cop." He told how he was a member of a prominent family, and was stranded in a strange city. He wanted just a couple of dollars, or maybe three dollars, to take him home. He would return it with interest just as soon as he reached Harrisburg. Could the policeman let him have it? And it is said Flemming was successful; just how successful the records don't show.

Occasionally the stranger dropped in at a police station and told the desk lieutenant his "hard luck" story. Usually he asked for a "fiver," and it is said that he always got something.

But when Flemming tackled Patrolman Macdonald of the Bedford avenue precinct he made a mistake, and the nice, pleasant-looking person was arrested on the charge of vagrancy. In the Manhattan avenue court he was sent to the workhouse for three months.—Brooklyn Eagle.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Opening Road

at Kimball

A road from the pike at Kimball to Kimball station is being opened and graded. It is being done by the Marion Pike Commission and will be a great improvement as Kimball some day will be adorned with many beautiful homes of people having business in So. Pittsburg. The road divides the farms recently bought by A. L. Roberson and B. R. Boyd. The expense of grading and fencing is being borne from the road funds of the district. There is a little criticism of the work, owing to J. F. Martin opposing the other commissioners, A. L. L. Roberson and Wm. Long in the work, but anyway, it will help the place.

The farmers there should now combine together and ask for an agent at that place and depot accommodations and have all their freight shipped to that point. The present accommodations are not much.

WAS RESTLESS AT NIGHT.

Sufferers from kidney trouble experience backache, rheumatic pains, aches in joints and muscles. W. Kitz, R. F. D. 2, Box 9, Shorters, Ala., writes: "I used Foley's Kidney Pills as I was so restless over night with pains in the small of my back and side. They did me good." Sold everywhere.

Life is hard, nature is hard. But they both give courage and cheerfulness as compensations for their hardness, or no one could hold out. Courage and cheerfulness. It is as if they were the first duties of life.—Selma Legerlof.
